CONTENTS OF VOLUME 151

JANUARY/FEBRUARY 1995

Guest Editorials:
Equine parentage testing and DNA technology—the route forward? *by M. R. Knapp and P. Goelet* 1

1994—a milk shed year *by T. O. Jones* 5

The identification of polymorphic microsatellite loci in the horse and their use in Thoroughbred parentage testing *by M. M. Binns, N. G. Holmes, A. Holliman and A. M. Scott* 9

A study of mastitis bacteria and herd management practices to identify their relationship to high somatic cell counts in bulk tank milk *by D. R. Fenlon, D. N. Logue, J. Gunn and J. Wilson* 17

Response of ponies to adjuvanted EHV-1 whole virus vaccine and challenge with virus of the homologous strain *by C. A. Dolby, D. Hannant and J. A. Mumford* 27

Cerebrospinal fluid and plasma glucose concentrations of ovine pregnancy toxaemia cases, inappetant ewes and normal ewes during late gestation *by P. R. Scott, N. D. Sargison, C. D. Penny, R. S. Pirie and J. M. Kelly* 39

Vaccination in European salmonid aquaculture: a review of practices and prospects *by C. McL. Press and A. Lillehaug* 45

A review of laryngeal paralysis in dogs *by H. M. Burbidge* 71

Role of oxytetracycline dihydrate in the treatment of mycoplasma-associated ovine keratoconjunctivitis in lambs *by B. D. Hosie and A. Greig* 83

Attachment of *Mycoplasma mobile* 163 K to piscine gill arches and rakers—light, scanning and transmission electron microscopic findings *by C. T. K.-H. Stadtländer and H. Kirchhoff* 89

Ultrasound imaging in determining the presence of testicular degeneration in two male goats *by N. Ahmad and D. E. Noakes* 101

MARCH/APRIL 1995

Guest Editorials:
Immunity and immunogenetics—new approaches to controlling worm infections in sheep *by D. Wakelin* 111

Chlamydia psittaci: Prevailing problems in pathogenesis *by G. E. Jones* 115

Review:
The immunogenetics of resistance to *Trichostrongylus colubriformis* and *Haemonchus contortus* parasites in sheep *by M. A. Hohenhaus and P. M. Outteridge* 119

Studies on the early phase of the pathogenesis of ovine enzootic abortion in the non-pregnant ewe *by J. D. Amin and A. J. Wilsmore* 141

Structural characteristics of the bovine claw: horn growth and wear, horn hardness and claw conformation *by J. J. Vermunt and P. R. Greenough* 157

Comparative studies of border disease and closely related virus infections in experimental pigs and sheep *by S. Edwards, P. M. Roehe and G. Ibata* 181

In vivo quantification of muscle damage in dogs after intramuscular administration of drugs *by M. Aktas, P. Vinclair, H. P. Lefebvre, P. L. Toutain and J. P. Braun* 189

Response of broilers to deprivation of food and water for 24 hours *by T. G. Knowles, P. D. Warriss, S. N. Brown, J. E. Edwards and M. A. Mitchell* 197

A case study of an outbreak of African swine fever in Spain *by S. Bech-Nielsen, J. Fernandez, F. Martinez-Pereda, J. Espinosa, Q. Perez Bonilla and J. M. Sanchez-Vizcaino* 203

Hair mercury concentrations in cats and dogs in central Japan *by T. Sakai, M. Ito, H. Aoki, K. Aimi and R. Nitaya* 215

Short Communication:
Viability of *Borrelia burgdorferi* in stored semen *by J. Kumi-Diaka and O. Harris* 221

MAY/JUNE 1995

Guest Editorials:
Oxygen—friend or foe? *by P. Mills* 225

Infectious agents and joint diseases *by S. A. May* 229

Reviews:
Equine pleuropneumonia *by S. L. Raidal* 233

Early reproductive loss due to bovine pestivirus infection *by M. R. McGowan and P. D. Kirkland* 263

Antibodies to heat shock proteins in dogs with rheumatoid arthritis and systemic lupus erythematosus *by S. C. Bell, S. D. Carter, C. May and D. Bennett* 271

Ischaemia-reperfusion injury—a small animal perspective *by S. F. Forsyth and W. G. Guilford* 281

Distribution of lactate in plasma and erythrocytes during and after exercise in horses *by J. E. Rainger, D. L. Evans, D. R. Hodgson and R. J. Rose* 299

Pathological findings in the intestinal tract and liver of chicks after exposure to *Salmonella* serotypes Typhimurium or Kedougou *by J. R. F. Brito, Y. Xu, M. Hinton and G. R. Pearson* 311

Sequence of an exon of tumour suppressor p53 gene—a comparative study in domestic animals: mutation in a feline solid mammary carcinoma *by B. Mayr, G. Schaffner, R. Kurzbauer, M. Reifinger and K. Schellander* 325

Short Communication:
Effect of testosterone on the pharmacokinetics of sulphadimidine and sulphachloropyrazine in roosters—a preliminary report *by L. D. Lashev, A. K. Bochukov and G. Penchev* 331

JULY/AUGUST 1995

Guest Editorials:
Salmonellosis: A hundred years old and still going strong *by C. Wray* 339

Lameness, lesions of the claw of the dairy cow and subclinical laminitis *by D. Logue* 343

The risks of the game: the confidential enquiry into perioperative equine fatalities *by G. M. Johnston* 347

Reviews:
Current perspectives in salmonellosis *by A. J. Lax, P. A. Barrow, P. W. Jones and T. S. Wallis* 351

The interference by maternally-derived antibody with active immunization of farm animals against foot-and-mouth disease *by R. P. Kitching and J. S. Salt* 379

Lesions associated with subclinical laminitis of the claws of dairy calves in two management systems *by J. J. Vermunt and P. R. Greenough* 391

Disposition of penicillin G sodium following intravenous and oral administration to *Equidae* *by L. J. I. Horspool and Q. A. McKellar* 401

Impaired absorption of magnesium in the aetiology of grass tetany *by K. Dua and A. D. Care* 413

Effects of treatment with buserelin on plasma concentrations of oestradiol and progesterone and cycle length in the cow *by G. E. Mann and G. E. Lamming* 427

Cytogenetic characterization of a fibroma and three haemangiopericytomas in domestic dogs *by B. Mayr, M. Schellar, M. Reifinger and G. Loupal* 433

Congenital abnormalities of the ovine paramesonephric ducts *by K. C. Smith, S. E. Long and T. J. Parkinson* 443

Pharmacokinetics of gentamicin following single-dose parenteral adminstration to goats *by S. K. Garg, S. P. Verma and R. P. Uppal* 453

Short Communication:
Aqueous humour and cerebrospinal fluid collected at necropsy as indicators of ante mortem serum 3-OH butyrate concentration in pregnant sheep *by P. R. Scott, N. D. Sargison, C. D. Penny and W. D. Strachan* 459

Book Reviews 463

Announcements 467

SEPTEMBER/OCTOBER 1995

Guest Editorials:
Endotoxaemia: where do we go from here? *by M. H. Barton* 469

Sodium bicarbonate loading and the rules of racing *by R. B. Williams* 473

Reviews:
Artificial insemination in rabbits *by J. M. Morrell* 477

Mediators and vascular effects in response to endotoxin *by N. C. Olson, P. W. Hellyer and J. R. Dodam* 489

Effects of sodium bicarbonate on fluid, electrolyte and acid–base balance in racehorses *by D. R. Lloyd and R. J. Rose* 523

The effect of bovine amniotic fluid on *in vitro* maturation of bovine oocytes *by J. M. Ocaña Quero, M. Moreno Millán, M. Valera Córdoba, M. Pinedo Merlín and A. Rodero Franganillo* 547

Characterization of the camel skin cell line Dubca *by M. Klopries, U. Wernery and O.-R. Kaaden* 555

Identification of β-adrenoceptor subtypes in bovine ovarian and myometrial cell membranes *by G. Re, P. Badino, A. Novelli, M. G. Canese and C. Girardi* 567

The effect of xylazine epidural anaesthesia on blood gas and acid–base parameters in rams *by Y. Aminkov and H. D. Hubenov* 579

Short Communication:
Efficacy of strategic tilmicosin injection during an outbreak of respiratory disease in housed beef calves *by P. R. Scott* 587

Book Reviews 591

NOVEMBER/DECEMBER 1995

Guest Editorials:
Ruminant pestivirus infections—advances in research bring prospects for their control? *by H. W. Reid* 597

Cerebrospinal fluid analysis in the diagnosis of neurological disease in large animals *by K. W. Hinchcliff* 599

Reviews:

The collection and analysis of cerebrospinal fluid as an aid to diagnosis in ruminant neurological disease *by P. R. Scott* 603

Ruminant pestiviruses *by P. F. Nettleton and G. Entrican* 615

Salmonella fimbriae: novel antigens in the detection and control of salmonella infections *by C. J. Thorns* 643

Abattoir observations of the weights of stomachs and their contents in pigs slaughtered at known times after their last feed *by H. J. Guise, R. H. C. Penny, P. J. Baynes, T. A. Abbott, E. J. Hunter and A. M. Johnston* 659

Radionuclide uptake by red deer (*cervus elaphus*) on mountain grazing *by E. J. McGee, H. J. Synnott, C. O'Keefe and P. A. Colgan* 671

Epizootic bovine abortion in a dairy herd: characterization of a *Chlamydia psittaci* isolate and antibody response *by P. C. Griffiths, J. M. Plater, T. C. Martin, S. L. Hughes, K. J. Hughes, R. G. Hewinson and M. Dawson* 683

Water and electrolyte homeostasis in sheep without functional colons *by R. A. Meintjes and H. Engelbrecht* 695

Mutations in tumour suppressor gene p53 in two feline fibrosarcomas *by B. Mayr, G. Schaffner, R. Kurzbauer, A. Schneider, M. Reifinger and G. Loupal* 707

Short Communication:

Trypanosoma equiperdum: detection of trypanosomal antibodies and antigen by enzyme-linked immunosorbent assay *by S. Bishop, P. F. Rae, L. P. Phipps, R. Boid and A. G. Luckins* 715

Book Reviews 721
